

Lawrence Democrat

FRIDAY, Oct. 10th 1890.

FOR GOVERNOR  
JNO P. BUCHANAN

OF RUTHERFORD.

FOR REPRESENTATIVE  
FROM LAWRENCE AND  
WAYNE

T. H. MEREDITH.  
OF LAWRENCE.

The enthusiasm with which the nomination of Col. Josiah Patterson has been received all over the State goes to show how fortunate the convention was in its choice.

The card received from T. K. True and A. W. McMackin is a great big fat joke. Politics make strange bed fellows. Think of T. K. True roosting with the captain of a nigger company.

The McComas bill and the Federal Election bill are both dead—dead and damned by public sentiment; and what is better still, the party that brought them into being is also. They will all be buried in one hole.

Since the foundation of the Government only one session of Congress has exceeded in length the first session of the Fifty-first Congress. One other session lacked but a day or two of being as long, and one special session continued, from first to last nearly nine months, but the session was not continuous.

But the Reed idea is that the House is not a Representative body at all, but that it is simply an organ of Government captured sometimes by one party and sometimes by the other, and belonging as absolutely to the dominant party as the Presidency belongs to the man who secures it even though his majority were only one.

Referring to F. D. Lander's little piece in last week's issue of the Columbia Herald, wherein he makes intently offensive personal allusion to Mr. Nixon, we, the Junior, not Mr. N. want to simply say that the senior would have passed over unnoticed such indecent and uncalled for personalities, he having no acquaintance with Mr. Lander in fact would not know him if he were to meet him, but we would suggest that if this modern Ananias would in future act less like a descendant of Baalam's quondam saddle horse he would come nearer securing and deserving the respect of decent and well bred people.

Hon. Jno. P. Buchanan spoke to a good crowd in our court house last Wednesday. He was introduced by townsman Dr. P. H. Harvey an interesting feature being the fact that these two gentlemen were born and reared on adjoining farms in Williamson county. In driving from the depot it became necessary for Dr. Harvey to handle the lines and Mr. Buchanan asked "Have you forgot how to drive Bob?" No doubt visions of old times on the farm flitted through the mind of each. Mr. Buchanan's speech was logical and incisive. It was convincing and clear. He was followed in a short ringing talk by Hon. T. M. McConnell who is a great favorite with Lawrence Democrats. Everything is lovely down here and the old ship is sailing on.

A NOTHER SHOT AT THE UNION  
FROM OUR NORTHERN READER.

Ed Dem.

Please allow me to "Shoot" at friend Schade just once more

with a Republican Rifle, with a Bayonet attached.

Listen what the Kenosh (Wis) Blaue, Rep. says:

"We are in favor of the Bennett Law, of course we are every time. But then, we are not so much in favor of the Bennett Law as to want to lose our many Catholic and Lutheran votes, and on the quiet, we're opposed to Catholics anyhow; we're glad of their votes, of course, but d-m their religion."

We will explain that the Bennett law is a Wisconsin state measure aimed at German and other foreign Catholics, in much as it forbids the use of any language in the public schools but English.

Chattanooga News: A fact for your consideration. The production of pig iron in the South has increased from 1870 to 1,780,309 tons in 1890? Tennessee has gone from the thirteenth to the seventh place in iron making Alabama made in 1880 62,336 tons of pig iron, and in 1890 it will make \$90,432 tons.

THOS. H. MEREDITH.

Our next representative from the county of Lawrence and Wayne is eminently a self-made man. The war left him, along with thousands of other young men, without a dollar in the world. With indomitable pluck and will Mr. M. has steadily pursued the even tenor of his way in business life and has made a success of it. Straight forward, honest to the core, his word his bond, he has won and holds the highest esteem of his countrymen. He is a gentleman well informed as to the politics and history of the country, its needs and demands and is thoroughly well qualified for the office to which he has been nominated. Now let every democrat in the two counties go right to work and leave no stone unturned from this until the day of the election. Let us send Tom Meredith to the legislature and be proud of the job.

The Boston Record (Republican) says of the new tariff law: "An unpopular feature, here in New England, will be the increased duty on flax and linen thread. This means an extra expense for every shoe that is bought and no corresponding benefit. It hurts New England especially, for the supposed benefit to the flax growers in Dakota but as their flax cannot be used in making first class shoe thread it means simply an extra tax on our shoe industries. Our Congressmen should have attended to that."

Mr Meredith was the first choice of Lawrence county in the convention at Wayneboro but Wayne reserved and used the right to name the man. She named the Hon. C. M. Joiner and he was nominated. Mr Joiner was soon after attacked with rheumatism and is now at Hot Springs, being unable to make the race. Mr Meredith was nominated by mass convention in conjunction with the central committee of the county by unanimous vote. We congratulate Mr Meredith on this mark of esteem and confidence. He will discharge the duties of a representative in a way to reflect credit on himself and honor to his people.

The beauties of the McKinley tariff bill are already becoming apparent. It imposes taxes which the public will have no difficulty in locating. In a little while they will understand more clearly than ever that the tariff is a tax which the consumer has to pay. A circular from a leading New York hardware house has been handed us. There will be no difficulty in understanding it.

vocate Democracy, pure and simple,  
but will not play the role of party "or-  
gan." It believes that it will supply a  
long felt want, and fill a field long un-

and highest ambition will be to ac-

interest of our city and State. It will  
endeavor to issue a clean newspaper,  
one that may safely enter any home
